

ON TO RICHMOND

Safety and Authenticity Rules and Regulations

The following rules are in place to insure maximum authenticity and enjoyment for all participants, and also to be sure we properly represent history to the public. The spectators who attend reenactments today are far more educated than in the past, so it is our responsibility to them to raise our standards so as not to disappoint or mislead them. All questions concerning these regulations should be addressed to the reenactor coordinator. Thank you for your participation.

A signed copy of these regulations is to be submitted with your registration form.
